EDUCATION

Chas Academy, Stockholm — C/C++

SEPTEMBER 2023 - JUNE 2025

Vocational college that teaches C/C++ software development, hardware & OS, system development, project methodology, hosting, CI/CD, Cloud, workplace-based learning (LIA), etc.

AW Academy, Stockholm — Java Boot Camp

NOVEMBER 2022 - FEBRUARY 2023

The course uses high-speed blended learning, practical work, agile teamwork, and continuous feedback. The program is task-based and highly efficient, allowing consultants to contribute as junior IT-consultants from day one.

Coventry University, London — Accounting & Finance

JUNE 2017- SEPTEMBER 2020

Courses: financial reporting and modeling, data analysis, managerial and financial accounting, as well as risk and investment theory. I graduated with top grades.

EXPERIENCE

Academic Work, Stockholm — IT-Consultant

FEBRUARY 2023 - JULY 2023

Well versed in a high degree of problem-solving and to quickly adapt to new information without compromising on cooperation and flexibility.

NCAP, Stockholm — Real-estate Analyst

OCTOBER 2020- NOVEMBER 2022

I analyzed and presented various types of commercial real estate and recommended whether or not they should be invested using Excel and PowerPoint. Additionally, my work involved attending and conducting site visits.

Haflo, Stockholm — Investment Analyst Intern

JULY 2020 - OCTOBER 2020

At Haflo I had to learn quickly and virtually attend any presentations or conferences relevant to our investments. My work focused on financial modeling and Venture Capital analysis, and I evaluated numerous start-ups with my team.

SKILLS

C/C++, Embedded Systems.
GoDot, Unreal Engine, Java,
API, HTML & CSS, Photoshop,
SQL, [GitHub](#) and Agile

ABOUT

An interest in technology and games has made me change careers. I bring strengths such as the ability to understand and interpret complex information and analyze and evaluate risks and prospects. In addition, I am good at adapting to new conditions and like challenges to reach the finish line together with others.

As a person, I am joyful, curious, and educational. Games and cooking are passions where I get to express my creativity.
